

Pioneering AI Compliance: A Collaborative Opportunity

Who We Are

We are two AI-specialised companies, Datavtar (India) and Dynaminds (The Netherlands), joining forces to create a cutting-edge startup focused on AI governance and compliance solutions to disrupt the B2B regulatory services market.

Our Vision & Solution

We are developing the AI Act Compliance Platform – a comprehensive solution designed to help EU institutions navigate the complexities of the EU AI Act. Our goal is to transform AI compliance from a burden into a competitive advantage, enabling the safe, ethical, and innovative use of AI technologies in business.

The Urgency of Action

The EU AI Act is set to reshape the regulatory landscape for AI across all industries:

- Expected to come into effect by 1st August, 2025
- Introduces stringent requirements for high-risk AI systems
- Non-compliance penalties of up to €35 million or 7% of global turnover
- First-mover advantage for institutions establishing compliant AI practices

What We're Looking For

We are looking for a forward-thinking organisation to collaborate with us in co-developing and launching the AI Act Compliance Platform. We are primarily looking for a commitment of man-hours to help us in roadmapping and validating the solution.

Win-Win Opportunity

This partnership offers equally beneficial opportunities.

- **For You:** Stay ahead of AI regulations, reduce risks, and drive innovation
 - ◆ **Early Adopter Advantage:** Shape the platform to your specific needs
 - ◆ **Compliance Leadership:** Position your enterprise at the forefront of AI governance
 - ◆ **Cost-Effective Development:** Share development costs while gaining a tailored solution
 - ◆ **Market Differentiation:** Demonstrate proactive compliance and ethical AI use to all stakeholders, including but not limited to customers, shareholders, and employees
 - ◆ **Future-Proof Return:** Exclusive discounts and benefits, including premium features, dedicated support, and free onboarding
- **For Us:** Gain valuable industry insights and a strong market partner to validate our solution and approach

Our Solution at a Glance

1. **Continuous Compliance:** Reduce manual efforts by at least 60%
2. **Enhanced Risk Management:** Improve AI-related risk identification
3. **Accelerated Innovation:** Fast-track AI projects with built-in safeguards
4. **Trust Building:** Demonstrate commitment to responsible AI
5. **Sustainable Growth:** Scale AI/ML initiatives with confidence

Let's Connect

We would love to discuss our solution and collaboration in a brief 30-minute meeting. Our tailored presentation will demonstrate clear, tangible benefits for your organisation in co-developing the AI Act Compliance Platform.
