WHY WEELO?

We want to make life easier for urban cyclists.

But also to encourage new riders.

Because we believe that cycling is always a good idea!

Our goal is to create well-ordered, accessible, and environmentally friendly urban spaces.

WHY WEELO?

Weelo is thinking to 2030.

Did you know that **Weelo** is a way to help achieve the 17 Sustainable Development Goals of the **UN Agenda 2030–2030**?

We believe in the importance of more livable cities and happier communities, and we're working hard to create them!

WE LOVE BIKES

5 good reasons to saddle up

1

Live better

Riding a bicycle is an amazing method to fight stress and calm your mind.

2

Save money

Reduce your oil expenses! With Weelo your wallet will smile too!

3

Keep fit

10 min of bike riding every day will boost your metabolism and help your health!

4

Save time

How many things can you do in the time you look for parking or stuck in traffic?

5

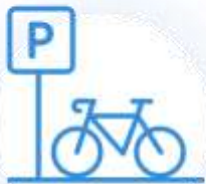

Smile more

Riding a bicycle you produce endorphins, the neurotransmitters of happiness.

CONTACT US

Weelo starts with We.

We aim to make sustainable mobility a priority.

We work with Public Administrations to install bike stations in a transparent manner, integrated with other public transport services. We also handle design, installation, maintenance, software and marketing.

We've started a journey towards change.

By promoting sustainable transportation and creating inviting public spaces, we're making our communities safer, healthier, and more enjoyable.
