## Our Values

### **1-Punctual Delivery Time**

---

As INTEGRA, we care about our customers' delivery preferences. Industrial production in terms of B2B model, needs an exact time schedule to have a continuum for the production line. Because of the interdependence within the sectors, we attach great importance to delivery time of any product.

### **2- Precise Quality for Customized Production**

---

In INTEGRA, we apply the high standard of quality at demand fulfillment. All machine operators, engineers and the marketing and export team work in harmony to obtain precise results that exactly comply with the customers' needs.

## 3- Ethical Workspace

---

INTEGRA, as a company, always supports women participation in the workforce. We always consider the ethical rules and equal participation amongst our coworkers.

In terms of determination of work time schedules and ground rules, depending upon the right of participation, we decide our work system all together.

---

**Our  
Values**

# Milestones

---

**1980**

Established in Izmir, Turkey as SEÇ Makine Kama İmalat San. Tic. Expertise on custom and standart machine key production with grinded surfaces.

**2022**

Partnership with INTEGRA Industrial Parts. Export to Germany, Netherlands and France.

**2025**

Reach to 6 different countries including Denmark, France, Germany, Italy, Netherlands and Sweden.

# What we offer as a solution partner?

## CUSTOM INDUSTRIAL PARTS & MACHINE KEYS PRODUCTION

### CUSTOMIZED PRODUCTION OF MACHINE KEYS

- DIN standard keys
- woodruff keys
- custom keys

### MACHINING SERVICES

- Turning, from Ø 5 mm up to Ø2300 mm.
- Machining with;
- CNC milling
  - CNC double column
  - CNC bohrwerk

### ORDER-SPECIFIC PRODUCTION

- welding
- assembling
- coating
- heat treatment
- painting

### CUSTOMIZED PROCESS MANAGEMENT

At each production process we apply tailor-made production management process according to customers' needs.

# Products

### **MACHINE PARKOUR:**

**Descripton / Max. Capacity**

**CNC Vertical Lathe / Ø 2300 X 1600 Mm.**

**CNC Vertical Lathe / Ø 1250 X 1500 Mm**

**CNC Bohrwerk Machine / 2200 X 1600 X 1600 Mm**

**Double Column CNC Vertical Machining Center / 2300 X 780 X 4000 Mm.**

**CNC Vertical Machining Center / 500 X 510 X 510 Mm. (With Cnc Dividing Head – 4 Axis)**

**CNC Vertical Machining Center / 1000 X 500 X 500 Mm – 3 Pcs**

**CNC Lathe / 12" X 1200 Mm**

**CNC Lathe / 8" X 1200 Mm**

**Surface Grinding Machine / Max. 1500 Mm.**

**Vertical Shaping Machine / Ø 2000 X 450 Mm.**

**Boring Machine / 100**

[www.integra-cnc.com](http://www.integra-cnc.com)

**COMPLEMENTARY MACHINES:**

- Radial drill
- Round column drills
- Column type nc bandsaw
- Vibratory tumbler
- Rotary drum dryer
- Hydraulic arbor press
- Sharpening machine
- Gas metal arc welding machine

**QUALITY CONTROL & MEASURING DEVICES:**

- Faro Gage Plus / 3-D Measuring Arm
- Mitutoyo Pj-A3000 / Precise Measuring Projector Instrument
- Hardness Testing Machine / Hrc, Hb

Standard and custom **machine keys** production:

**TYPE:**

**DIN 6881, DIN 6883, DIN 6884, DIN 6885 FORM-A-B-C-F-G, DIN 6886, DIN 6887, DIN 6889, DIN 268**

**MATERIAL:**

We can produce from the following materials according to your request.

**304 (1.4301); 316 (1.4401); 316L (1.4404); 316Ti (1.4571); 420 (4021, 4028, 4034); 440C (1.4125); 440B (1.4112); 1.4104 (4104); 431 (1.4057); Double X (1.4462); 1.4418; Bronze; Aluminum; Heat treated.**
