

**Leading innovation  
in construction chemicals  
since 1982**

# WHO WE ARE

Since 1982, our company has been a trusted name in the construction industry, delivering high-performance chemical solutions for projects of every scale, from residential developments to major infrastructure works.

Our mission is to deliver reliable, innovative, and tailored solutions that support every phase of the construction process, ensuring durability, efficiency, and long-term performance.

# WHAT WE DO

A complete range of technical solutions designed to meet all the needs of the construction site

## CONCRETE LINE

Admixtures and systems for pre-cast and ready-mixed concrete

## FLOORING LINE

Products and systems for resin and industrial flooring

## WATERPROOFING LINE

Technologies and systems for creating and restoring watertightness

## REFURBISHMENT AND REINFORCEMENT LINE

Solutions for restoring, reinforcing and protecting structures

## UNDERGROUND AND TUNNELLING LINE

Chemical solutions for drilling, tunnels and special foundations

# CONCRETE LINE

- **PLASTICISERS FOR PRECAST CONCRETE**
- **PLASTICISERS FOR READY-MIXED CONCRETE**
- **SPECIFIC ADMIXTURES FOR HIGH PERFORMANCE CONCRETES**
- **ADMIXTURES FOR CONCRETE FLOORING**
- **AIR-ENTRAINING FOAMING ADMIXTURES FOR LIGHTWEIGHT AND CELLULAR CONCRETE**

# PLASTICISERS FOR PRECAST CONCRETE
