

## ASSOCIATION "KOSMOS"

Ukrainian Association of High-Tech Enterprises and Organizations

### Who We Are

Association "KOSMOS" is an independent, non-governmental platform uniting over 65 Ukrainian enterprises, research institutes, startups, and universities working in the fields of space, defense, aviation, advanced engineering, and high technologies.

We represent a vibrant network of more than 5,000 engineers, researchers, entrepreneurs, and technology leaders committed to strengthening Ukraine's technological sovereignty and integrating into the European defense and innovation ecosystem.

### Our Mission

- ◆ Empower Ukrainian high-tech industries through international cooperation
- ◆ Foster modernization and export capacity of Ukrainian advanced manufacturing
- ◆ Connect Ukrainian innovators with EU, NATO, and global partners in joint projects

### Key Areas of Activity

#### Space Technologies

- Development of Earth observation satellites (optical and SAR)
- Onboard electronics, communication systems, payload components
- AI-based geospatial data analytics

#### Defense Innovation

- UAVs, sensors, electronic warfare and counter-drone solutions
- Advanced materials and dual-use components
- Joint ventures for industrial localization in the EU

#### Science & Education

- Bridging R&D to industry via technology transfer
- Collaboration with universities and science parks
- Training programs for Europe's digital defense workforce

### Why Partner with Us

Trusted by Government: cooperation with the Ministry of Defense, Ministry of Strategic Industries, National Security and Defense Council, and Ukroboronprom

Access to Industry: members include leading defense and aerospace companies of Ukraine

European Trajectory: active in EU-Ukraine Defense Forums, NATO DIANA, GLOBSEC, and EDA initiatives

Policy Expertise: advising on national legislation and strategic frameworks in defense and space

✅ Project Integrator: coordinating consortia for EU-funded programs (Horizon Europe, EEN, SAFE, EDIRPA)

## We Are Open to Partnerships

Association "KOSMOS" is seeking cooperation with:

- ◆ R&D institutions
- ◆ Industrial manufacturers and integrators
- ◆ Project and innovation agencies
- ◆ Organizations engaged in defense and space ecosystems

We offer partnership in joint development, technology exchange, manufacturing relocation, expert support, and co-organization of events and training initiatives.
