Cerveza de casa

committed to a sustainable territory

RESPONSIBLE BUSINESS FOR
A BETTER FUTURE

¿WHO WE ARE?

we are a colombian company that makes experiences through craft beers to which we add local flavours such as high quality coffee, exotic fruits, and honey. promoting synergies with other productive processes and promoting sustainable practices through education and culture.

OUR SUSTAINABLE VISION

- sustainable practices in the production process.
- promote sustainable culture through cultural and educational events, linking customers, visitors and producers.a

¿CÓMO CONTRIBUIMOS AL PLANETA?

- **water efficiency** : we have reduced water consumption in the cooling process by 95%.
- **Renewable energy**: use of natural light to illuminate the plant during the day, and use of solar energy to support part of the energy expenditure of the production plant.
- **Responsible production**: We try to ensure that our products are made from recyclable and biodegradable materials.
- **Community support**: We work with local artisans and sustainable cooperatives.

OUR BEERS

- Our beers have unique regional flavour and aroma profiles in different beer styles
- We produce amber ale, golden ale, blonde ale, IPA, APA, stout, with additions of coffee, passion fruit, gulupa, mango, honey.
