About the Enterprise Europe Network

The Network’s background, its objectives and its principles

Alberto Valenzano
Objectives of the call

• Continuous functioning of the Enterprise Europe Network from 1 July 2025 until 31 December 2028

• Strategic approach taking account of the challenges faced by SMEs in the target region(s) and the specific strengths of businesses and the business environment

• Specific activities translating that strategic approach into action
Scope of the EEN

"The purpose of the Enterprise Europe Network is to help European SMEs innovate, grow and scale in the Single Market and beyond."

Target group:
- European SMEs
- ready to scale their activities in the Single Market and in third countries
- with the ambition to improve and take a leading position through product, service or process innovation
- regardless of their size, sector or business cycle
Description of the EEN

• Units, departments or operational teams working in individual business support organisations referred to as “Network partners”

• Network partners must be hosted in business support organisations (also referred to as “host organisations”) committed to support Network activities

• The Network must be also fully integrated into the regional/national business support infrastructure
Competences of the EEN

Core expertise of every **Network consortium:**
1. Facilitation of SME internationalisation, within the Single Market and/or third countries
2. Single Market support, including regulatory requirements and feedback from SMEs
3. Innovation support for SMEs
4. Advice on access to funding and finance
5. Services supporting the sustainability of SMEs, including circular economy, energy efficiency, resource efficiency, social performance
6. Services supporting the digitalisation of SMEs
7. Services designed to increase the resilience of SMEs, including how to predict and prepare for disruptions in their value chain
8. Services designed to up-skill and re-skill SMEs

Profile of **Network staff:**
1. general profile of EEN advisors
2. specific competences for staff in charge of communication
3. specific requirements for staff coordinating the project

Composition of the Network

To implement EEN services, organisations need proven experience in providing business support services to SMEs in:

- Facilitation of SME internationalisation
- Single Market support
- Innovation support for SMEs
- Advice on access to funding and finance
- Sustainability support
- Digitalisation support
- Resilience support
- Up-skilling and re-skilling support
Organisation of EEN’s activities

**Five work packages for five mandatory types of activity**

Activity 1: Provision of value-added services to clients  
(min. 65% of FTE)

Activity 2: Promotion of the Network and communication  
(15-17% of FTE)

Activity 3: Network development and capacity building  
(up to 8% of FTE)

Activity 4: Network coordination and quality management  
(lump sum - up to 10% of consortium personnel costs)

Activity 5: Project management (incl. consortium coordination)  
(up to 5% of FTE)
Provision of value-added services to clients

Work Package 1
Types of services

• First level: information services. Usually one-off, often standardised
  o Answering questions, one-off queries, information events, referral to other support providers, etc.

• Second level: advisory and partnering. Long-term and customised
  o Advisory services increase sustainable growth, competitiveness, and/or resilience of clients through capacity building, access to EU programmes, access to finance and other support mechanisms.
  o Partnering services generate sustainable growth through international business and technology collaborations via brokerage and matchmaking activities
Second level services

• Partnering services focus on:
  o business / commercial collaboration
  o innovation / technology transfer,
  o Bringing SMEs into consortia for EU R&I and other funding programmes

• Always customised, always about generating impact

• Result in **Advisory Achievements** and **Partnering Achievements**
  o No impact, no achievement

How to complete the budget table

Mariangela Bartolomeo
Alain Schoonjans
Financial documents for submission

• **Summarised budget table** (Application Form Part A – manually filled online)

• **Detailed budget table** (Annex to Application Form Part B – in template to be uploaded in allowed format)
  
  • financial data in both tables need to match – if not, Summarized budget table takes precedence
  
  • no paper (hard copy) submission – all submission is online!
Detailed budget template

- Introductory pages **not to be submitted**
- **Sheet 2. Start** – fill in the project data and add the WPs -> update table
- **Composed of 5 sheets** (1. Instructions, 2. Start, 3. Detailed table and 4. Consolidated table (participant; calculated automatically) which must be used, in that order, to create your detailed cost reporting table
- You should submit this table **one for each beneficiary** as part of your upload as a single PDF for each Beneficiary directly in the system. Please note that you may be asked to send the corresponding Excel version by email to EISMEA.
- The cost reporting table must contain **ESTIMATED costs**
- **White cells** mean that you are required to enter data. **Blue cells** are calculated automatically.

## Application Form - Technical Description
(Annex 1 Part B)

### Subcontracting

Give details on subcontracted project tasks (if any) and explain the reasons why (as opposed to direct implementation by the Beneficiaries/Affiliated Entities).

Subcontracting means the implementation of ‘action tasks’, i.e., specific tasks which are part of the EU grant and are described in Annex 1 of the Grant Agreement.

**Note:** Subcontracting concerns the outsourcing of a part of the project to a party outside the consortium. It is not simply about purchasing goods or services. We normally expect that the participants have sufficient operational capacity to implement the project activities themselves. Subcontracting should therefore be exceptional.

Include only subcontracts that comply with the rules (i.e., best value for money and no conflict of interest, no subcontracting of coordinator tasks).

<table>

C. Purchase costs

**Purchase contracts:**
Ordinary contract for services, works (i.e. buildings) or goods (e.g. equipment), needed to carry out the action, including the purchase of consumables and supplies

- The contracts DO NOT cover the implementation of action tasks, but they are necessary to implement action tasks by beneficiaries
- Do not have to be indicated in Annex 1

**Sub-categories:**
- C.1 Travel costs and related subsistence allowances
- C.2 Equipment
- C.3 Costs of other goods and services

C.1 Travel, accommodation and subsistence

Eligibility rules:

• Budgeted only for the personnel working on the action;

• Be justified: necessary under the action, planned in the description of the action, supported by the relevant documents, made following the usual practice of the beneficiary

• Must be budgeted as **UNIT costs** (pre-fixed amount)
  • actual (incurred) costs only if the destination country is not covered in the EC Decision below
C.1 Travel, accommodation and subsistence

• For Unit costs, values from the [Commission Decision C(2021)35](https://example.com) amended by the Decision of 26/07/2023 to be used.

  • Calculations for travel costs are made on the basis of the distance between the departure and arrival point - [Flight and rail calculator](https://example.com) to be used

  • Accommodation and subsistence rates are fixed per each country.

- Any consortium not intending to (or not able to) provide the full service range of the Network
- Any organisation not ready to commit to the ways of working of the Network defined in the call (chapter 2.3.4.)
- Anyone intending to establish an International Network Partner

⇒ There is a separate procedure for EEN in third countries
What is available

• Selected proposals will be offered an action grant for 42 months, starting on 1 July 2025 and ending on 31 December 2028

• 60% co-financing for activities 1, 2, 3 and 5.

• 100% co-financing for activity 4 (lump sum)

• 25% indirect cost
Evaluation procedure

• Proposals passing admissibility and eligibility check will be evaluated on the basis of the award criteria

• Evaluation by independent experts

• All proposers will be informed in writing (via the F&T Portal) about the result of the evaluation

• Successful proposals will be invited to prepare and sign a grant agreement
Selection of proposals

• Only one proposal will be selected per geographic region (no competing EEN consortia in the same area)
  
  • In case of competing proposals from the same region, the proposal with the highest evaluation score will be selected

• 2nd cut-off
  
  • Only proposals from regions not covered after the first cut off will be admitted
  
  • Evaluation criteria remain identical
Award criteria

• Overall threshold: 70 / 100 points

• Individual criteria:
  • Relevance. Threshold 16 / 30 points
  • Quality – project design and implementation. Threshold 16 / 30 points
  • Quality – project team and cooperation arrangements. Threshold 16 / 30 points
  • Impact. Threshold 6 / 10 points

• To be considered for funding, proposals must pass the overall threshold as well as all four individual thresholds.

Tips for a good proposal

• Read the call and the Q&A on the Funding & Tenders Portal. Carefully.

• Write a clear, concise, coherent proposal that reflects the logic and structure of the Network as presented in the call.

• Address all activities in the call…but do not invent any activities that are out of scope.

• Present a clear implementation strategy that explains how you will implement the project and address key principles such as the hub & spoke model. Don’t simply repeat what is written in the call.
Tips for a good proposal (2)

- Set clear and measurable objectives
- Clearly describe the division of tasks and responsibilities
- Prepare a complete and realistic budget based on tasks that are necessary for the implementation of the project
- Get a 2nd pair of eyes to proofread your proposal
- **Submit early** and **don’t wait** until the day of the deadline.
Check IT and get support

• The Funding & Tenders Portal is the only way to submit a proposal. Make sure you understand its procedures. If you need help:

  • **Online manual** for ALL explanations of procedures and workflows needed to apply
  
  • **IT Helpdesk** for lost passwords, access rights, technical aspects of submission
  
  • **EISMEA-SMP-COSME-ENQUIRIES@ec.europa.eu** for non-IT questions about the content of the call, replies in the [Q&A section of the Portal](#)
